## Phoenix 480 Area Code Local Phone Number

Phoenix is the headquarters for Petsmart, Banner Health, Apollo Group, and Republic Group. Neighboring Scottsdale serves as the headquarters for GoDaddy. Phoenix is home to four Fortune 500 Companies. As the most populous city in Arizona, Phoenix is the only state capital with a population of more than 1 million.

As a result of the population boom, the Phoenix economy has continued to expand. The top 3 prominent industries in Phoenix are real estate, financial services, and manufacturing. The manufacturing industry is broad, involving computers, electronic equipment, aircraft parts, and processed foods. A business number with the 480 area code gives your organization an image of prominence in a growing city. Having a 480 number allows you to reach a wide variety of customers within a diverse location.

## The 480 Area Code Numbers at a Glance

Area code 480 was created in 1999, in a three-way split of area code 602. It was apparent that the region, nicknamed "Valley of the Sun" was growing too fast for one area code to accommodate. Generally, 480 lies in the East Valley, while most of the West Valley is in area code 623. Central Phoenix has mainly remained in 602.

Most 480 area codes are held by residents and businesses in Phoenix, Scottsdale, Mesa, and Tempe. Other cities within the 480 area code include Chandler, Gilbert, and San Tan Valley. Area codes 520 and 602 immediately border the 408 area. But VoIP allows you to register with a 408 area code phone number [even if you're not local](#).

## 8x8 Virtual Number Benefits

A virtual number can give you powerful benefits. This includes extensions, call queue, ring group, and auto attendant. Since the number is not attached to a specific device or phone, it gives your business added flexibility. Here are a few more of the benefits of an 8x8 local phone number for Phoenix, Arizona:

- **Establish a professional image:** A business can establish as many phone numbers as they need with virtual numbers. Virtual numbers can boost a company's image or ensure consistency across a brand.
- **Create a strategic presence:** A virtual number with a specific area code gives you a local presence in a specific area. This helps even if your customers are located throughout the country, or across the globe. Create a local presence wherever you wish.
- **Single device, two numbers:** Cost savings will be beneficial for smaller businesses, with no need to purchase new phone lines. Use a single phone number for calls, text messages, and more, from many devices.
- **Simple setup:** Just choose a business number and set up where you'd like to call your customers.
- **More features:** PBX features such as voicemail, call forwarding, multiple extensions, and more.
- **Streamlined:** No special equipment is ever required with a virtual number
